*Answers to the following questions may be given here or attached to this form as a separate document.*

- 1) Describe the outcome(s) of this project: This project met its goals to 1) embrace all/celebrate community; and 2) promote lifelong learning. This intergenerational experience focused on providing exceptional music education and bringing artistic excellence to the underserved, intergenerational population.
- 2) Did this project change substantially from how you described it in your grant proposal? x  no  
If yes, please describe why and how it changed and the impact of this change on the outcome.  
This project did not differ substantially from its grant proposal description
- 3) Estimate how many people benefited from this project: 30 adults 120 children  
How did you collect these numbers? The above numbers are participants in the Capo, Cadenza, and Crescendo programs. An additional 1500 audience members attended the concerts.
- 4) Describe what the LCAC grant enabled you to accomplish in regards to this project.  
Because our programs rely on grants and donations to complete income for our programs, the LCAC grant supported our core mission. Additionally, we were short on donations for scholarships this year, so the LCAC grant helped ensure students on free and reduced lunch were able to receive scholarships.
- 5) Attach a final project budget to this form that indicates how the LCAC grant funds were expended.
