- Added 6<sup>th</sup> paragraph to Project Background text:  
“This project, officially titled *East Ninth*, is specifically a right-of-way improvement project that includes integrated artworks and new multimodal transportation strategies. As such, the project scope does not include future redevelopment/rezoning plans for surrounding or adjacent properties. The project goals do not include establishing East Ninth Street as a sanctioned “entertainment corridor” that diminishes the authenticity of East Lawrence’s rich, cultural history. Rather, the project seeks to become a vital, public street that sensitively and artfully engages each block from Massachusetts Street to Delaware Street - a cultural asset for East Lawrence and the City of Lawrence alike.”
