

Overview of Water Service Installation Charges

Several factors impact service installations charges, including the meter size, type of customer, front footage, and grade changes occurring after service has been installed. This overview provides general information about charges. System Development Charges may be changed by the City Commission on an annual or as needed basis. The System Development Charges listed below apply to the requested Service Installation provided full payment and the signed Service Installation Agreement are received by the City or postmarked prior to the effective date of any changes to such charges.

Water Service Installation Fees-Effective 2/1/18			
Item	Cost	Additional Installation Costs	
5/8" Meter Kit *	\$400.00	Street/Curb Removal & Replacement	\$467.50

Service applications are available upon request via email utilitiesdept@lawrenceks.org or the City's website, http://www.lawrenceks.org/utilities/technical_resources. Applications will not be processed without an approved building permit. Service installations are scheduled upon receipt of payment in full and a signed Agreement, all of which must be provided to the Finance/Utility Billing Division, 2nd Floor City Hall, PO Box 708, Lawrence KS 66044. Please allow up to 6 weeks for service installation completion, barring unforeseen needs elsewhere in the water distribution system.
