*Answers to the following questions may be given here or attached to this form as a separate document.*

- 1) Describe the outcome(s) of this project  
*The project resulted in a community-wide crowd-sourced art campaign, with the public sharing photos and video gathered from South Park throughout Summer 2018. Also included outreach events at Watkins Museum of History and Lawrence Public Library and a final presentation of a new multimedia art installation in South Park on Sept 23<sup>rd</sup>, 2018. Echoes celebrated the history of South Park, and brought the community together by sharing their images and memories of the public space.*
- 2) Did this project change substantially from how you described it in your grant proposal?  yes  no  
If yes, please describe why and how it changed and the impact of this change on the outcome.  
*The major change was in the budget. We were unsuccessful in our largest grant which would have increased the artist fees and allowed for a greater scope of artwork. Funds were focused towards compensating artists for the work of the project. This resulted in less money spent on marketing and advertising, and instead relying on digital marketing and strong social media engagement.*
- 3) Estimate how many people benefited from this project: 400 adults 30+ children  
How did you collect these numbers? *Approximate counts at project events.*
- 4) Describe what the LCAC grant enabled you to accomplish in regards to this project.  
*LCAC grant enabled us to compensate 7 local artists in creating a new community art work. LCAC funds allowed us to go ahead with the project and conduct the community crowd-sourcing campaign.*
- 5) Attach a final project budget to this form that indicates how the LCAC grant funds were expended.  
*Attached.*
- 6) Attach documentation of the project to this form, please list the items attached.  
*Attached: Photos, digital copies of flyers & marketing, links to press coverage and multimedia items.*
