

VALUE OF YOUR CITY OF LAWRENCE PROPERTY TAX DOLLARS

To figure monthly expense for city services:

Market value of home = \$120,000

City mill rate = 27.902

First, determine assessed valuation by multiplying the value of home by 11.5%:

$$\$120,000 \times 11.5\% = \$13,800$$

Second, determine City property tax bill by multiplying assessed value by mill rate levied by the city:

$$\$13,800 \times .027902 = \$385.05$$

City Tax Liability = \$385.05

Third, determine the monthly City property tax expenses for City service by dividing the city property tax liability by 12 months:

$$\$385.05/12 = \$32.09$$

Monthly City Property Tax Expense: \$32.09
