RE: City Funding for Percent for Art 2007 eligible projects

This memo is in response to your request that staff research information concerning the City's projects approved by the City Commission in 2007 which may be eligible for Percent for Art funding. The table below shows two new projects in FY 2007 that are eligible under the resolution: Clinton Park improvements and DeVictor Park –trail /new park.

2007 Projects that may trigger Percent for Art Resolution 5015

Department	Project	Project Cost	2% for Art	Comments
Parks and Recreation	Clinton Park	\$240,568	\$4,811.36	new shelter and restrooms
Parks and Recreation	DeVictor Park	\$167,585	\$3,351.70	trail /new park
Only the Parks and Recreation Department had eligible project in 2007	All eligible City GF CIP projects	\$408,153.00	\$8,163.06	Total Percent for Art funding from 2007 projects

Note: 2006 funds were used in 2007 allowing the City to commission two percent for Art projects totaling \$104,000 for Fire and Medical Station No. 4 (\$38,000) & 5 (\$66,000). This does not include costs for public unveiling, artist(s) travel, artist honorariums, printing, postage, receptions and other soft cost which totaled approximately \$10,000 for the two projects.

Staff recommends that \$8,163.06 be approved for Percent for Art projects in 2009 or that the funds be carried over to the next fiscal year to be used in the future to fund Percent for Art Projects.
