ARTICLE 11. RENEWABLE ENERGY GOALS

1-1101 FINDINGS OF THE GOVERNING BODY.

(A) The climate crisis is accelerating faster than most scientists expected and requires action by all communities to reduce greenhouse gas emissions in order to protect our planet and community for future generations. Greenhouse gas emissions attributed to energy, including electricity and natural gas, and transportation, account for about 83% of emissions in City limits. The City of Lawrence adopted several guiding documents and plans, including the Climate Protection Plan, Peak Oil Taskforce Report, and Plan 2040, which call for the reduction of greenhouse gas emissions associated with climate change. The City established greenhouse gas emissions reduction goals of 30% of the 2005 baseline by 2020, 50% reduction by 2030, 70% by 2040, and 80% reduction by 2050. (Ord. 9744)
(B) In order to make progress toward the City’s commitment to achieving targets related to reducing greenhouse gas emissions, the City should transition all energy sectors to carbon-free sources and make buildings more energy-efficient. Climate change will exacerbate the existing energy burden on low-income communities, environmental justice communities, and communities burdened by the fossil fuel industry. Energy efficiency and conservation are the least costly strategies to reduce emissions associated with energy production, followed by clean energy. (Ord. 9744)

(C) Achieving these measures will improve the health of City residents, reduce energy costs, create jobs, and help to mitigate climate change by greatly reducing the City’s carbon footprint. (Ord. 9744)

(B) “Clean energy” means energy, including but not limited to, sources regarded as carbon-free and pollution-free energy collected sustainably from renewable sources such as wind, solar, tidal, and geothermal. Low-impact, small hydro, and some forms of biomass may be included after being evaluated for sustainability and environmental justice implications. Nuclear, natural gas, coal, oil based, or any other forms of carbon-based energy production are not included in this definition.

1-1103 RENEWABLE ENERGY GOALS. (Ord. 9744)

(A) The City of Lawrence will strive to achieve the use of 100% clean, renewable energy according to the following timeline:

1. By 2025 for electricity in municipal operations.
2. By 2035 for all energy sectors in municipal operations.
4. By 2035 for all energy sectors city wide.

1-1104 PROCEDURE. (Ord. 9744)

(A) The development of strategies and actions helps to achieve the goals outlined herein and will be integrated into the Climate Action and Adaptation Plan engagement process and ultimately each adopted plan.

Board members shall receive the Complaint in a confidential manner and shall not make specific inquiries of the Complaint beyond the scope of information necessary to ensure that the Complaint form is expeditiously forwarded. Board members shall not conduct their own investigation into allegations of misconduct. In any case in which a Board member receives a Complaint authorized under this Article, such member shall, within three (3) business days of receiving the Complaint, forward it to the Police Department’s Office of Professional Accountability Sergeant for investigation.

(B) In any case in which a Complaint related to racial or other bias-based policing is submitted to either the Police Department or the Board, and the complainant is unsatisfied with the Police Department’s findings, the complainant may appeal the findings to the Board, in writing, within 14 days of receipt of notification of the department’s findings. Unless prohibited by federal, state, or local laws or state or federal law enforcement regulations, the Board shall, upon written request of the complainant, review the Police Department’s investigation to determine if further investigation is needed. (2) Effort shall be made to provide as much information as possible to the Board in its review of an appeal under this subsection. Only that information that would subject the City to civil or criminal liability, that would otherwise adversely affect an on-going criminal investigation, on-going criminal prosecution, on-going civil action, or that is otherwise prohibited by law or policy, may be redacted. Audio and video recordings shall be provided unless redaction is necessary and cannot be accomplished, in which case the City Attorney, or his or her designee, shall cause a summary of the recording to be made.

In its review of the Police Department’s factual findings, the Board will review the evidence but will not reweigh it, and it will not make witness credibility determinations. If the Board concludes that the evidence is sufficient to support the Police Department’s findings, then such findings shall be based upon substantial competent evidence in the record and the Board shall affirm the Police Department’s finding.

(E) Based upon its confidential review and deliberations of a Complaint under Sub-Section (b)(1) of this Section, the Board shall make a written recommendation to the City Manager, affirming or disputing the Police Department’s findings and making a recommendation on whether further investigation is needed, but shall not make a recommendation for disciplinary action.
