RE: *2024 Wage Floor*

SUMMARY

Pursuant to the City's Tax Abatement Policy, Section 3.6 Property Tax Abatement Wage Floor, the wage floor may be met by paying a wage equal to one hundred thirty percent (130%) of the federal poverty threshold for a family of three persons, as established by the United States Department of Health and Human Services. The wage floor shall be adjusted annually, and the City shall notify, in writing, those businesses that are affected by any change to the wage floor. The amount of the wage floor for the current year shall be available to those requesting it from the Office of the City Manager.

The wage floor hourly wage is adjusted annually based on an annual wage "equal to one hundred thirty percent (130%) of the federal poverty threshold for a family of three (3), as established by the United States Department of Health and Human Services." The HHS Poverty Guidelines, effective January 11, 2024 in the Federal Register¹, establish the poverty level for a family of three at \$25,820. Therefore, the wage floor hourly wage will increase from \$15.54 in 2023 to \$16.14 in 2024 ($\$25,820 \times 1.3 = \$33,566 / 2080$ hours in one year = \$16.14/hour).
