Revenue Discussion

The 2020 Revised Budget has been allocated using historical collection percentages. The discussion below is based on those allocations.

The Sales Tax budgets were lowered to reflect a very conservative posture due to the shutdowns caused by COVID-19. Thankfully, the City's actual experience has been better than initially anticipated.

Electric Franchise tax collections were lower by \$474 thousand (-8.12%). The decrease is due to a milder summer than originally anticipated.

Natural Gas Franchise tax collections were lower by \$97 thousand (-11.42%). The decrease is due to a milder winter than originally anticipated.

Revenue Discussion

The 2020 Revised Budget has been allocated using historical collection percentages. The discussion below is based on those allocations.

Communications Franchise tax collections were lower by \$43 thousand (-4.81%). The decrease is due to collections being reduced most likely due to COVID-19.

Liquor Taxes were lower by \$742 thousand (-31.60%) due to the shutdowns caused by COVID-19.

Roll Off Dumpster fees were lower by \$310 thousand (-13.65%). The decrease is due to a reduction in the service demand.

| | Other | 775.46% over the revised budget. |
| | Debt Service | 2.10% under the revised budget. |
| | Transfers to other funds | 4.56% over the revised budget. |

Expenditure Discussion

Capital Outlay are \$6.39 million (27.84%) under budget. The primary drivers are utility and street projects that will not be fully expensed in this year. There will be more detail on this when the full CIP report is issued next quarter.

Other expenses are \$156 thousand (752.47%) over budget. These are typically things like writing off bad debt. The City has not traditionally budgeted for this expense as it is usually done during the audit process. However, we have begun working on writing off those bad debts before the audit, so we will need to budget for this expense moving forward.
