Travel Dates		<b>Total Cost of Travel:</b>	\$ 323.74
Purpose of Travel			
Operational - 24 Hours Household Hazardous Waste training			
How does this travel apply to your job? How will this add value to the City of Lawrence?			
Household Hazardous Waste (HHW) operators are required to have this training and certification to work at HHW in Kansas. HHW is one of the programs that I manage. This certification is needed to be able to manage staff at HHW and work at the facility and be more knowledgeable about the daily operational producers.
