Purpose of Travel			
Operational - 2023 CPSE Excellence Conference			
How does this travel apply to your job? How will this add value to the City of Lawrence?			
<p>The Center for Public Safety Excellence (CPSE) provides oversight to the Commission in Fire Accreditation International (CFAI) and Commission on Professional Credentialing (CPC). With collaboration by the International City/County Managers Association of Fire Chiefs, the CFAI was created to push excellence in the fire service. Accreditation hearings are collocated at the annual CPSE Excellence Conference where Industry leaders gather to receive education on Innovative and adaptive processes in their pursuit for higher quality community services. As an attendant to this conference, I will bring new practices and perspectives associated with the new 10th edition of the CFAI model and bridge that information into how the Lawrence-Douglas County Fire Medical does business. Topics included community-driven strategic planning, risk assessment, standards of cover, program evaluation, and professional credentialing.</p>
