

In the wake of the COVID-19 outbreak, CVS Health announced several steps to support Aetna members. Effective immediately, Aetna members will have access to the following resources:

1. Aetna will waive copays for all diagnostic testing related to COVID-19
2. Aetna will offer \$0 copays for Teladoc visits for any reason – for the next 90 days
3. Members who are diagnosed will receive a care package that will include over-the-counter medications to help relieve symptoms
4. Aetna will proactively reach out to members who are most at-risk for COVID-19
5. Aetna is extending its Medicare Advantage virtual evaluation and monitoring visit benefit for all members
