

To All City Staff,

The City of Lawrence remains committed to taking care of all of you so you can continue to provide the best service to the people of our community. You and your families are important to our success and it is imperative that we are diligent to our values, which include taking care of each other.

With that, we are continuing the existing [HR COVID-19 Policies and Procedures](#)- including C-19 benefit hours and Vacation/Sick Leave cap removals- through at least July 18, 2020. This will ensure that you have continuity and support navigating these transitions until we are more firmly grounded in the recovery plan.

Stay safe, and thank you for all of the incredible work. Your persistence is proving to pay huge dividends for our community.

Have a great weekend!

City of Lawrence Human Resources
