SPECIAL SAVINGS DAYS

Swimming is an ideal form of exercise for seniors due to its low impact on joints and bones. Enjoy the benefits weekly. Wednesdays are Senior Swim Days for people 60 years old and over. Every Wednesday, all day long, seniors swim for FREE!

AQUATIC FITNESS CLASSES

Are you ready to take the plunge? Ready for the soothing properties of the water? Aqua workouts are for every fitness level and are low to non-impact on joints and muscles. Water fitness has all the components of fitness: cardiovascular fitness, flexibility, muscular and endurance strength. Water has the ability to offer aerobic activity, resistance training and flexibility all at the same time. Working out in the water is perfect for those who find certain movements on land-running, striding, kicking, dancing-too jarring or painful. We have a wide variety of classes, including classes for expecting mothers, seniors, individuals with arthritis, or those recovering from an injury. NO SWIMMING SKILLS ARE REQUIRED. Whether you are new to water fitness or a water fitness enthusiast, we have the class for you. Registration is required by the Wednesday before the class begins.

AQUA TONE
Ages: 16 and up. Enrollment Min 8 / Max 20. Aqua Tone is a shallow water class using the water for resistance to increase cardiovascular endurance, increase muscle tone and decrease impact on joints. This class incorporates the use of several pieces of aquatic exercise equipment including hand buoys, gloves, noodles and kickboards. No class 9/4, 11/20, 11/22. Instructor: LPRD staff.

AQUA HIIT
Ages: 16 and Up. Enrollment Min 10 / Max 20. High Intensity Interval Training advanced class. Multiple HIIT formats including Tabata. When you're ready to work hard, this is the class for you; deep water Tuesday and shallow water Thursday. Flotation belts required (supplied) in deep water; no swimming skills required. Instructor: Susan Pomeroy.

JIVIN' JOINTS
LEARN-TO-SWIM CLASSES

TIPS FOR PLACING YOUR CHILD IN THE RIGHT LESSON
At the beginning of the season, we suggest that you repeat the last level that was completed the summer before. Most children remain in the same level for two or more sessions. It is also easier to move children up a level than to move them down a level. Swim lesson staff make the final decision in the placement of children into the most appropriate class level based on their skill. If you are in doubt as to which level to enroll your child in, you may call and set up a swim evaluation at our facilities at no cost to you.

NOTE TO PARENTS/GUARDIANS
LPRD wants your child to participate in its learn-to-swim program. We do ask for student cooperation and attention when attending class. It is our goal to provide each child with equal time and attention by staff. If a child doesn’t want to enter the water or does not cooperate with staff, parents/guardians are asked to work with the supervisor in charge to seek resolution. We ask each participant to be on time and attend every lesson. Each lesson contains new material, which is vital to success in the class. We also ask parents/guardians to have patience, be positive and give praise. It is important to give children additional time to practice outside of class. The more practice time children receive, the more successful they will be in swimming lessons.

SWIM LESSON DESCRIPTIONS
All of the levels contain age/level appropriate safety skills. To complete a level, the participant must be able to complete all skills and exit skills assessments.

The American Red Cross has updated their Learn to Swim curriculum, please read the course descriptions carefully when deciding which level best suits the participant’s skill level.

Parent/Child (PNCHLD) (Ages 6 months to 3 years): The foundation of the American Red Cross Parent and Child class is a set of basic skills that prepares young children to be comfortable in the water. This class will not make your child an independent swimmer; instead, this class will prepare your child to enter the Learn-to-Swim Program. Skills learned include getting adjusted to the water environment; showing comfort on both their front and back positions with assistance; submerging with assistance and changing body positions in the water. Each child MUST be accompanied by an adult in the water.

Aqua Tots Swim (3 years old): This class bridges the Parent/Child class to the Learn-to-Swim program and is designed for preschool aged children who have never been in a swim class but are ready to hold on to the wall and be in the pool without a parent. This class focuses on the fundamentals of freestyle and floating. In order to move to the next class, students must be comfortable putting their face in the water for three or more seconds.

Preschool (PRSCCHOL) (4 year olds): Preschool Aquatics teaches age-appropriate water and safety skills in a positive, logical progression beginning with fundamental water safety and aquatic skills. Skills learned in this level are the same fundamental skills that are taught in levels 1 and 2 of the Learn-to-Swim program. These skills include independent water entry, front and back glides, and combined arm and leg actions in the water. Children are required to stay in the Preschool program until they turn five years of age.

Level 1 (5-6 year olds): Participants work on comfort in the water and entering the pool by themselves. Skills learned include blowing bubbles and getting the head and face wet; floating on front and back with support and recovering to a standing position; alternating and simultaneous arm and leg motion on front and back.

Level 2 (5-7 year olds): Skills learned include front and back floats unsupported for 15 seconds with recovery to a standing position; front and back glides for 2 body lengths; and combined arm and leg actions on front and back for 15 feet.

Level 3: Skills learned include survival and back floats and treading water for 1 minute; front and back glides with two different kicks; front crawl and elementary backstroke 15 yards, begin learning the diving progression.

Level 4: Improve on skills and increase endurance on strokes learned in previous levels, including front and back crawl for 25 yards, elementary backstroke, breaststroke, sidestroke with scissor kick and butterfly for 15 yards. Skills learned include open turns on front and back pushing off in streamlined position, surface dives and dives off the side of the pool and swim underwater for 3 body lengths, survival and back floats in deep water as well as tread water for 1 minute each. This level is taught in the competition pool (LIAC).

WAITING LISTS
Waiting lists for each section will only be formed when programs are filled. Those on the waiting lists will be contacted in the order that they were placed on the list, if and when an opening becomes available.

MAKE-UP LESSONS
Make-up swim lessons will be held only if the LPRD staff makes the cancellation. There are no make-up days for lessons missed for personal reasons.

AQUATICS

Level 5: Increased endurance, coordination and refinement of strokes: front crawl, back crawl, butterfly, breaststroke, elementary backstroke, sidestroke and flip turns. This level is taught in the competition pool (LIAC).

Adult: This swim program has a little bit for everyone. Did you always wish you had learned to swim as a child? Well, it is never too late to get started. The purpose of this level is what YOU want to get out of it. For some that may mean personal safety; for others it may be learning to swim the basic strokes to be used for fitness swimming. Your needs will be discussed at the beginning of class, and the class will be geared toward meeting your personal goals. This level is taught in the competition pool (LIAC).

Junior Swim (JRSWIM): Are you between the ages of 9 and 16? Have you always wanted to learn to swim, but never have? If you feel too old to be in a traditional level one, two, or three class, this is the course for you. Junior swim is targeted towards those individuals between the ages of 9 and 16 that would like to overcome their fear of the water and learn the basic skills needed to be safe and enjoy the water. This level is taught in the competition pool (LIAC).

DANCE

YOUTH DANCE

All youth dance classes follow a set curriculum to help provide each dancer the training for their age and skill level. Classes are taught in a creative, fun and positive environment. Our goal is to encourage each student to express their inner dancer through the art of movement. Dancers build strength, flexibility, balance, confidence, body awareness, self-control and discipline through movement.

All dance classes, except Wiggles and Giggles, invite only students into the dance studio during class time. We find that students focus and have the greatest opportunity for learning with just the instructor. For this reason, we designate the last day of every dance session as Parent Observation Day. You are welcome to observe your child's progress on this day. Thank you for your cooperation.

Recreation Dance classes offer a wide selection of stylized movement. It is a great way to find a dance style and class that meets your dancer's needs through a short commitment.
