

CREATING A SAFE ROUTES TO SCHOOL PLAN FOR LAWRENCE

During the 2019-2020 school year, the Be Active Safe Routes initiative is working on a citywide Safe Routes to School Plan. Here is our four-step process and information on how you can participate:

1

Gather information

Team members will collect data from a variety of sources, including a student travel tally and school crossing guard counts. We will also review routes and draft a summary of existing conditions.

Set community goals and expectations

Team members will develop plan priorities using information gathered from an ongoing parent survey, student input, and an open house hosted on Nov. 14, during which parents and community members can share feedback.

3

Draft the citywide plan

Community goals and expectations as well as the gathered data will be used to draft the plan.

Secure approvals

4

The USD 497 School Board and Lawrence City Commission will review the drafted plan and give their approval in order to finalize it.

Visit our website for more information on how you can participate in the process: www.BeActiveSafeRoutes.com
