Douglas County, KS to add Accessory Dwelling Units as a permitted use and to establish standards for the use. Initiated by County Commission on 9/2/15.

Legal descriptions for public hearing properties listed above are on file in the Planning Office for review during regular office hours, 8-5 Monday - Friday.

Communications to the Commission:

Written comments are welcome and encouraged on all items to be considered by the Planning Commission. The Commission has established a **deadline for receipt of all written communications of no later than 10:00 a.m. on Monday, April 25, 2016.** This ensures your transmittal to the Commission can be received and read prior to their meeting.

Item #3: City Resources

- Rental Licensing Program

The City has developed a website devoted to the Rental Licensing Program, which can be viewed at www.lawrenceks.org/pds/rental-licensing or www.lawrenceks.org/rent. The website contains information such as a Program Handbook, the adopting ordinance, inspection forms and guidance, licensing process and inspection brochures, a tenant information brochure, diagrams of program processes and FAQs for both owners and tenants. The website also features monthly and annual program reports that have been provided to the City Commission. New or updated information is frequently being added to the website.

Please contact the City with any questions at (785) 832-3345 or by email at rentallicensing@lawrenceks.org.

- Interactive Rental Licensing Map

The Planning and Development Services Department has published a Residential Rental License Interactive Map for citizens, prospective renters and landlords to access. The map can be found at: <http://www.lawrenceks.org/pds/rental-licensing/map>. The map identifies all rental dwelling units that are licensed and in good standing with the rental licensing and inspection program requirements. The map is intended to provide consumers information about units that comply with the city's rental program as well as help landlords market their code-compliant properties. The map is linked to the department's home page. Citizens can click on the blue map dot of a rental property and view the landlord name, zoning district, the number of units licensed and the apartment complex name, if applicable. Staff believes the map will be a valuable resource for tenants, landlords and the general public as the program continues to license properties through 2015 and beyond.

- Find Active Building Permits on City Website Interactive Map

In May 2014, Planning & Development Services launched a new Building Permits interactive map that shows locations and provides basic information about active City of Lawrence building permits (for both non-residential and residential new construction and addition projects, and for non-residential remodeling or change of use projects). Zoom in on the map to see building permits that have been recently issued in or around your neighborhood. Find the map on the City's website at http://lawrenceks.org/city_maps or <http://lawrenceks.org/pds/building-permits/map>.

- Project Submittals

Planning project submittals can now be accessed on the Planning Division's website through the following address: <http://www.lawrenceks.org/pds/submittals>. The list is updated every Monday and also includes a link to an interactive map that shows the locations of the projects.

RE: Monthly PDS Project Report

The following provides an update on several city of Lawrence projects in process in the Planning and Development Services Department.

Comprehensive Plan Update - On August 31, 2015 the *Horizon 2020* Steering Committee approved the Issue Action Report which contains the Steering Committee's findings regarding how to best strengthen the existing plan and ensure that the document reflects the community's vision, while also setting a foundation for creating the inclusive and sustainable community we want Lawrence and Douglas County to be in the future. The Issue Action Report presents 19 major issues to address, based on community input and identified needs, and it outlines action steps to help address and resolve these issues.

The Issue Action Report was presented to the Planning Commission on September 21, 2015 and was unanimously approved. It was presented to the City Commission at their November 10, 2015 meeting and to the County Commission at their November 11, 2015 meeting and was unanimously approved by both governing bodies. Work on the plan itself is underway. The Steering Committee convened on March 7, 2016 to review an outline of the plan. Jeff Crick is the Staff contact.

East Lawrence Neighborhood Rezoning – On August 18, 2015, after considering a Staff memo on the topic, the City Commission directed Staff to further research land use in the area north of 9th Street in the East Lawrence Neighborhood and present the Commission with a follow up memo outlining appropriate zoning district(s) and a timeline of the rezoning process in order to consider rezoning much of the area from RM24 to an RS district. Research and zoning option development is underway on this initiative. Staff met with the neighborhood on March 28, 2016 to review the data in advance of the City Commission reviewing rezoning options for the area. The City Commission will tentatively review options in April or May. Becky Pepper is the Staff contact.

North Lawrence RS5 Zoning Discussion – On August 18, 2015 the City Commission considered a Staff memo addressing a request from the North Lawrence Improvement Association to review RS5 zoning in North Lawrence. The Commission directed Staff to review comments made at the meeting and report back options to address the issues of potential increased storm water and impacts of RS5 zoning in the neighborhood. Staff has met with the Association's president and is preparing a follow up memo for the Commission's review. This item is tentatively scheduled for April 19, 2016. David Guntert is the Staff contact.

Urban Agriculture Text Amendment – A text amendment to create new Urban Agriculture uses in the Land Development Code was initiated by the City Commission on June 23, 2015. The Planning Office, in coordination with the Food Policy Council, drafted language and presented it to the Planning Commission at their October 19, 2015 meeting. The Planning Commission heard public comment and deferred the item for additional revisions. Revised language was reconsidered by the Planning Commission at their December meeting and was again deferred for additional development with the stakeholders. At their February meeting, the PC recommended approval of the amendments. This item is tentatively scheduled for the April 26, 2016 City Commission agenda. Mary Miller is the Staff contact.

Parking Regulations Text Amendment – Staff has been working with the Planning Commission for some time now on revising Article 9 of the Land Development Code related to parking standards. These revisions will address how parking is calculated, the design and location of parking, and standards related to the parking and storing of RVs, boats and trailers. The Planning Commission received an update on the progress of this item at their November 16, 2015 meeting and discussed alley parking for duplexes at their January mid-month meeting. This item will continue to be processed throughout the winter months. Sheila Stogsdill is the Staff contact.

Oread Design Guidelines – The Oread Design Guidelines were recommended as one of the initiatives of the Oread Neighborhood Plan, which was adopted in 2010. Planning staff conducted a public meeting on Wednesday, January 13, 2016 at the Lawrence Public Library Auditorium.

The Lawrence – Douglas Co. Planning Commission and the Lawrence Historic Resources Commission had two joint meetings to discuss the Guidelines on Thursday, February 18, 2016 and Monday, March 21, 2016. Both commissions recommended approval of the guidelines and associated rezoning requests to implement them.

After the official hearing of March 21, 2016, Staff discovered that the rezoning effort was not properly noticed and a rehearing must be completed before the PC and HRC. Staff is working to schedule new hearings for the PC's and HRC's June mtgs. Jeff Crick and Lynne Zollner are the Staff contacts.

Discussion of Applicability of the Property Maintenance Code – Elements of property yard maintenance were considered with the recent adoption of the 2015 ICC codes. Items related to urban agriculture uses and yard conditions will be considered

with the Urban Ag text amendment which is tentatively scheduled for the April 26, 2016 City Commission agenda. Brian Jimenez is the Staff contact.

Sign Code Amendments – On July 7, 2015 the City Commission, after receiving a Staff memo on the topic, initiated certain amendments to the sign code to address several issues to aid businesses in the use of signs; however, the Commission directed Staff to delay this project as the Commission considers the applicability of the Property Maintenance Code. Kurt Schroeder is the Staff contact.

Community Development Initiatives

Applications for **CDBG and HOME federal funds** were sent to interested parties on October 1, 2015 and were due back to Staff by December 1. The Community Development Advisory Committee (CDAC) has shown interest in neighborhood outreach to discuss best practices among neighborhoods to explore ways to use the CDBG money more efficiently and perhaps pool resources to reach common goals. The CDAC began CDBG and HOME grant allocation discussions in January. The committee will hold a Public Hearing on April 28th and will submit the recommendations for funding to the City Commission in early May. All recommendations are due to HUD by June 15, 2016 for the 2016 Program Year. Bradley Karr is the Staff contact.

The 2016 **homeless point-in-time count** was an unsheltered and sheltered count and occurred on January 28, 2016. The count was a coordinated effort with the rest of the balance of state. Dani Dresslar is the Staff contact.

Community Development Staff continues to support the staffing efforts of the **Affordable Housing Advisory Board**. Information and agendas can be found at <http://lawrenceks.org/boards/affordable-housing/>.

Metropolitan Planning Organization (MPO) Studies

The MPO was awarded a **Competitive Consolidated Planning Grant** from KDOT to complete two studies in 2016 - a comprehensive transit operations analysis and a bike share feasibility study in the Lawrence community. The City Commission, in March, directed Staff to execute Professional Service Agreements (PSAs) with firms to complete the work. The PSAs are signed and work on the studies is beginning.

The MPO updated the **Public Participation Plan** (PPP) that guides the MPO transportation planning process. It recommends methods for the MPO to engage the public during the regional transportation planning decision making process and states how members of the public can be involved in the transportation planning process. The plan updates the previous PPP approved in 2012. The plan is out for public comment until April 9th. It will be considered for approval at the April 21st MPO Policy Board Meeting.

The MPO produced in partnership with members of the Regional Transit Advisory Committee an updated **Coordinated Public Transit – Human Services Transportation Plan** (CPT-HSTP). The plan updates the previously approved CPT-HSTP from 2012. The plan recognizes success in coordination that have occurred

since and outlines how paratransit and human services transportation providers can most efficiently and effectively work together to improve mobility for individuals with special transportation needs in Lawrence and Douglas County. The CPT-HTSP is available for public comment until May 4, 2016. This Plan will come before the MPO Policy Board for approval on June 16, 2016.

The MPO is continuing to work on the **Regional Pedestrian Plan** but a date of completion has not been identified due to working with the Bike/Pedestrian Task Force and Safe Routes to Schools initiative, both of which are affecting certain elements of the Plan as it evolves.

Jessica Mortinger is the Staff contact.

Historic Landmarks – The Historic Resources Commission is continuing efforts to identify and recognize significant properties having special historical, community, or architectural value to the City. This year, the HRC has recommended and the City Commission has landmarked 4 new properties. At their March 24, 2016, the HRC recommended three City owned properties including Union Pacific Depot, the Carnegie Building, and Fire Station #1, for the City Commission to consider for landmark status. The HRC is scheduled to review Oak Hill Cemetery and Clinton Park at their April 21, 2016 meeting.

Historic Resources staff continues to work on the National Register nominations for the Santa Fe Depot and Oak Hill Cemetery. The Oak Hill Cemetery nomination is supported by a Historic Preservation Fund grant accepted by the City Commission in July of 2015. The Santa Fe Depot nomination is tentatively scheduled to be considered by the Kansas Sites Board of Review on April 30, 2016.

Lynne Zollner is the Staff contact.

Small Business Initiatives

Next PDS LNL: The second installment of the 2016 PDS quarterly **Lunch-N-Learn Series** will include a review of Contractor Licensing and is scheduled for June 17, 2016 from noon to 1:00 p.m. in the City Commission room. This event is attended by designers, contractors, bankers, realtors, small business professionals, PDS and City Staff. This impactful hour is also eligible to Kansas Chapter of American Institute of Architects to include: 1 hour Health, Safety and Welfare Credit – (HSW) or 1 Hour Self Option Credit.
