

Neighborhood Update for LAN
July 2010

Item #1: Weatherization Grants Available

The City of Lawrence has funds available for weatherizing homes throughout Lawrence. Eligible improvements include attic insulation, storm windows and entry door weather-stripping.

In an effort to prepare Lawrence residents for cold weather, the Community Development Division of the Planning and Development Department will administer grant money provided through the Community Development Block Grant. The program has an emphasis on weatherization because when homeowners reduce the amount of outside air entering a home, energy efficiency is increased.

To be eligible for assistance through the weatherization program, homeowners must meet the following requirements;

1. Must be the first time to participate in the program.
2. The home must be owner occupied with no more than two dwelling units.
3. Annual gross family income cannot exceed income guidelines.

Grants for energy saving improvements do not require repayment of assistance. Grants will be awarded on a first-come, first-serve basis. The deadline for applications is 5:00 p.m., August 31, 2010.

Item #2: City of Lawrence Subscription Services
