

OREAD NEIGHBORHOOD ASSOCIATION
 Quarterly Performance Reports - Budget Year 2007
 August 2007 through July 2008

As stated in the Oread Neighborhood Association 2008 CDBG application, the neighborhood's goal is to reduce structural blight. Blight related issues are routinely addressed at each monthly neighborhood meeting. These topics are highlighted below and include: follow-up on specific properties that have been identified as structurally blighted, discussions of proposed demolitions, over occupancy concerns, and requests for parking variances. The potential for increased density can compromise existing housing stock as properties are converted from owner-occupant to high-occupancy rentals. Without the ongoing diligence of the neighborhood association, this trend could result in an increased potential for deteriorating housing stock. CDBG funding is critical to the neighborhood's ability to continue efforts to reduce and/or prevent blighted conditions in the neighborhood.

02/06/08	ONA Representation at Monthly LAN Meeting	1
02/28/08	<p>Monthly Neighborhood Meeting</p> <p><u>Blight Related Topics:</u></p> <ul style="list-style-type: none"> • 1232 Louisiana: It is anticipated that the HRC will consider the request for demolition at their April 17th meeting. It is unlikely that the HRC will approve the request because there is no replacement plan. • 1043 Indiana (KU property): It is anticipated that the property will be available for sale to the public by late summer 2008. The neighborhood would like for there to be an allowance for parking in the sale. • 1129 Vermont: Code enforcement inquiry relating to occupancy (i.e.: increased density?). • Blight Survey: A checklist was drafted for consideration by the group. A rating scale will be used to identify structural blight items. The "owner on record" will be researched prior to reporting a property to the city. • Study Session with City Commission: Follow up with the city concerning implementation of a rental registration program and how much this would cost. • 1045 Tennessee (over occupancy): Review text amendment information provided by the city. This was for RS districts. The property in question is in an RM district. Does this apply across the board? 	10
03/05/08	Oread representation at the Senate Ways and Means Committee meeting. The proposed sale of the KU property at 1043 Indiana was discussed.	2

03/27/08	<p>Monthly Neighborhood Meeting</p> <p><u>Blight Related Topics:</u></p> <ul style="list-style-type: none"> • 1232 Louisiana: To be considered at the April HRC meeting. Demolition w/o a replacement structure is being proposed. • 1043 Indiana (KU property): The Senate Ways and Means Committee considered the proposed sale with the addition of two lots to the north to allow for parking if the property can be sold to the public. • Blight Survey: The checklist still needs some work before the neighborhood initiates the survey. It is hoped that the walking survey can begin sometime in May. • Study Session with City Commission: A follow-up meeting has been scheduled with the City Commission on April 29th. A thorough staff report, addressing issues from the ONA study session has been received. • Approved Parking Variances (density concern): In the last five years, the BZA has approved 14 parking variances and denied four in the Oread neighborhood. Each request is unique and must be considered on a case-by-case basis. 	6

February - April 2008		
Date	Activity Description	Number of Attendees
	<ul style="list-style-type: none"> 1045 Tennessee (over occupancy): The city continues to identify how to address this situation. A code amendment will be proposed for RM districts for consideration by the Planning Commission in May or June. Oread neighbors would like for the city to ensure that properties are being used according to their designation and parking requirements are adhered to (density concern). Overlay District – District 1: The neighborhood plan needs to be updated. This will be presented to the City Commission as a priority at the April 29th meeting. Implementing overlay districts will help to preserve existing housing stock.

04/17/08	ONA Representation at the Historic Resources Advisory Committee meeting <ul style="list-style-type: none"> Two Oread properties were considered at this meeting; 930 Ohio, demolition with a replacement structure and 1232 Louisiana, demolition without a replacement structure. 	10
04/20/08	The Oread neighborhood hosted a water station for the Health Care Access marathon.	9
04/24/08	Monthly Neighborhood Meeting <u>Blight Related Topics:</u> <ul style="list-style-type: none"> April HRC Discussion: <ul style="list-style-type: none"> 1232 Louisiana: It is likely that the City Commission will be asked to override the HRC's denial to demolish without a replacement structure. 930 Ohio: Demolition was denied. The replacement structure would have changed the historic character of the adjacent housing stock. The property is now for sale. A common theme seems to be that the cost of meeting city code and/or historic district requirements is too high for those who invest in income producing properties. Demolition and/or parking variances should not be used as tools to ensure profit margins. 1043 Indiana (KU property): The sale of this property to the public has been approved by the KS Legislature and this will now go back to the University to identify what will be included in the sale (i.e.: house only or house with lots for parking). Blight Survey: Neighbors agreed to conduct a trial survey to see how well the process will work. Several properties were identified for consideration by neighbors for this purpose. Study Session with City Commission: The following priorities were identified; improvements to the trash ordinance (private property), implementation of a rental registration program in multi-family neighborhoods, and update the neighborhood plan so that overlay districts can be established. 	12

This will be considered by the City Commission. • Blight Survey: Neighbors had a bit of a struggle categorizing the properties identified at the April meeting. The neighborhood's goal is to have a sample survey completed by the end of June. • 1045 Tennessee (over occupancy): A local property management group has been identified and contacted by the city. They are aware of the occupancy limits and there are now only four individuals living at 1045 Tennessee. 	8
06/10/08	ONA Representation at City Commission: Demolition of 1232 Louisiana considered.	6
06/19/08	ONA Representation at HRC Meeting: 925 Maine and 930 Ohio Rehab proposals considered.	4
06/26/08	<p>Monthly Neighborhood Meeting</p> <p><u>Blight Related Topics:</u></p> <ul style="list-style-type: none"> • 1043 Indiana (KU property): The neighborhood association submitted a suggestion to the University to replat the back half of lots 7, 8, 9, and 10 to allow for adequate parking in the future if this is converted into a high occupancy residence. • 1232 Louisiana: The request for demolition was deferred by the City Commission. A public safety inspection will be completed. • June HRC Discussion: <ul style="list-style-type: none"> ○ 925 Maine – Rehab / Addition: The private residence will be remodeled into a duplex. A significant addition will be added to the back. This will result in an increase in density. ○ 1138 Mississippi – Porch Addition / Dormer Expansion: Renovations should not result in an increase in the number of occupants who can legally live at this address. ○ 930 Ohio – Rehab for Congregate Living: This will result in an increase in density. • Blight Survey: District representatives have begun collecting information. • Study Session with the City Commission: It is believed that the multi-family rental registration and trash ordinance proposals will be included in the city's budget proposal. <p><u>'Good Neighbor' Topics:</u></p> <ul style="list-style-type: none"> • CDBG Capital Improvement Project: The city was contacted about a water meter that is needed for the Community Garden located in the neighborhood. 	6
