Best practices in regard to neighborhood events that can be shared with other neighborhood associations. Provide information on outreach, event, and outcome. (recommended)

We reinstituted the Walk Pinckney program to drum up interest for Trunk or Treat. Starting in August we went to certain areas of the neighborhood that have had low participation this year. We think that has helped with our participation for Trunk or Treat.

We had the September meeting at a different time/place to see if it would encourage a higher turnout and participation. We promoted the meeting multiple times through all of our communication outlets and were pleasantly surprised with the turnout.

We continued the work of the Working Group. One of our most promising ideas to come out of it is a potential partnership with the Douglas County Health Department to start a community garden in 2020. We have some master gardeners in the area and once we get plans formalized it might be good to include Pinckney Elementary as well.

<p>At our August meeting, we met with LMH and Douglas County to discuss the potential plan for Woody Park. There were not definite plans but it was agreed that we needed to involve both the City and the rest of the health entities in the area for any future plans.</p>							
<p>We had another great year for Trunk or Treat, and our beneficiary was Pinckney Elementary. Our trunks and participation was a little bit down from our record breaking last year but Lawrence Memorial Hospital (LMH) was able to participate again this year and I'm sure that contributed to the great event. Give the last couple we are quite pleased that this seems to have some staying power. We try to make it bigger and better next year!</p>							
<p>Any other information your neighborhood association feels will be information that will help to provide a clear view of your neighborhood associations accomplishments. (recommended)</p>							

PINCKNEY NEIGHBORHOOD ASSOCIATION OUTCOMES

Meeting August 17, 2019

LMH Meeting Room D South Called to Order at 10:07 a.m.

Meeting Participants

Pat Miller, Bart Littlejohn, Phil Jones, Kim Heck; Nick Kuzmyak, Paul Liechti, Steve Braswell, Blair Sutton, Bill Woody, Jr., Patrick Kelly, Tim Leffert, Penny Holler, Mike & Anne Shaw, Bob Tryanski, Rebecca Smith, Russ Johnson, Janice Early, Eleanor Gardner, Sarah Plinsky, David Unekis

Approval of July Meeting Outcomes

Motion by P. Liechti, 2nd by E. Gardner; voice vote, motion carries.

Guest Presentations

Timothy Leffert, Asst. Principal, Liberty Memorial Central Middle School - A goal is to communicate more with neighborhoods whose middle schoolers feed into the school. A door hanger with communication information for the school was handed out. PNA invited the school to get involved in the Trunk or Treat and the Summer Picnic (info to be given to Joshua Spradlin, Student Council for follow up); the School needs help with covering yearbook costs for students who cannot afford to purchase (potential funding opportunity for PNA).

Russ Johnson, CEO, LMH - There is the potential to move Woody Park to an area in Sandra J. Shaw, improve the field and the green space where Woody is now situated, and establish a visible memorial to honor Mr. Woody. Executing this idea is not urgent; LMH has not identified a specific purpose for the area where Woody Park is located; the neighborhood is considered a partner and will be involved in decision-making; parking needs will not be definitely known until the west campus of LMH is operational in 2020 and some hospital services move there.

Mr. Woody's grandson spoke about the origins of the park, originally Lincoln Park in the 1930s and renamed Woody Park in 1970, and the only facility that black baseball players could use. He wants to honor the legacy of his grandfather with a memorial, would like community green space, such as a community garden, the creation of a green roof if there is a parking structure, etc.

PNA desires a comprehensive vision for the hospital corridor with all parties involved in discussions: city, county, LMH, PNA, Bert Nash, etc. and made a motion to request a study. *Motion: PNA -- in coordination with the city, county and other organizations in the neighborhood -- requests a comprehensive study of the area surrounding the hospital (6th to 2nd & Maine) that will identify potential growth and usage and the necessary resources to manage that growth in the neighborhood.* [Utilities, parking, stormwater management, traffic, sidewalks, lighting, etc.]

Motion by Pat Miller; 2nd by Mike Shaw. Voice-Vote. Motion Carries.

R. Johnson and S. Plinsky to reach out to the city to begin the process.

Treasurer's Report
