

Horizon 2020 Topics of Interest:

Lawrence Parks and Recreation Department

➤ Park Land Acquisition

- Develop strategies to acquire properties within the urban growth area ahead of development

➤ Park Spacing

- Attempt to have parks/green space no more than ½ mile away from every household (current plan has ¼ mile as the goal).

➤ Trail and Greenway Network

- Continue development of bike/pedestrian trail network

➤ Green Infrastructure

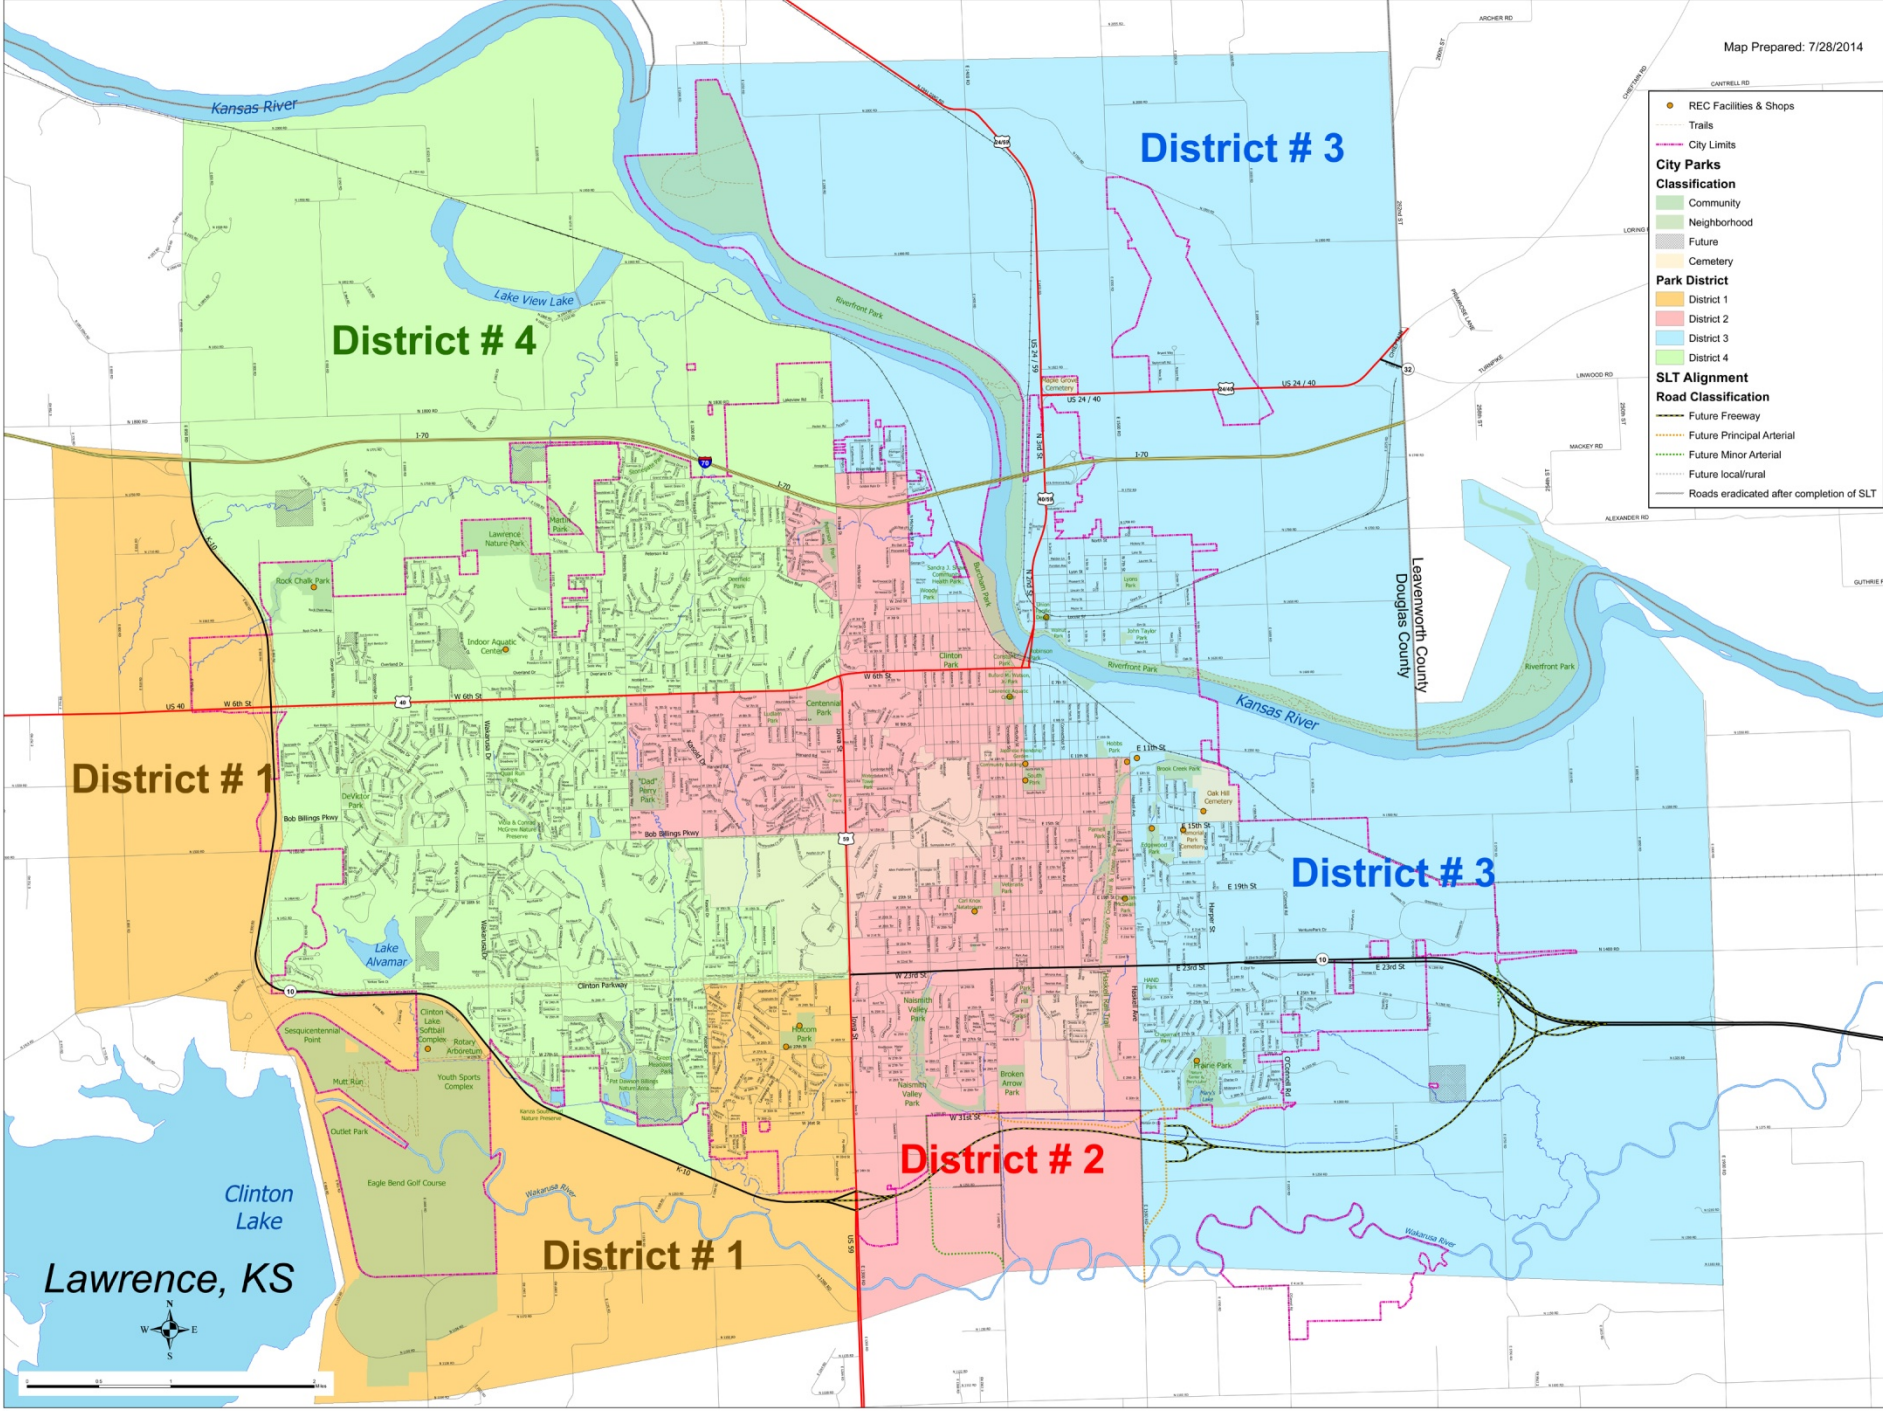

- Keep high emphasis on the management of the urban forest, open space, parks and public landscapes

➤ Parks & Recreation Master Plan

- Update the current plan, which is now 15 years-old, to define community needs for future recreational facilities and parks.

➤ Recreational Programming/Facilities Innovation

- Continue developing programs for a diverse population with emphasis on physical fitness and wellness
