Route 34 + 38 interline, explained

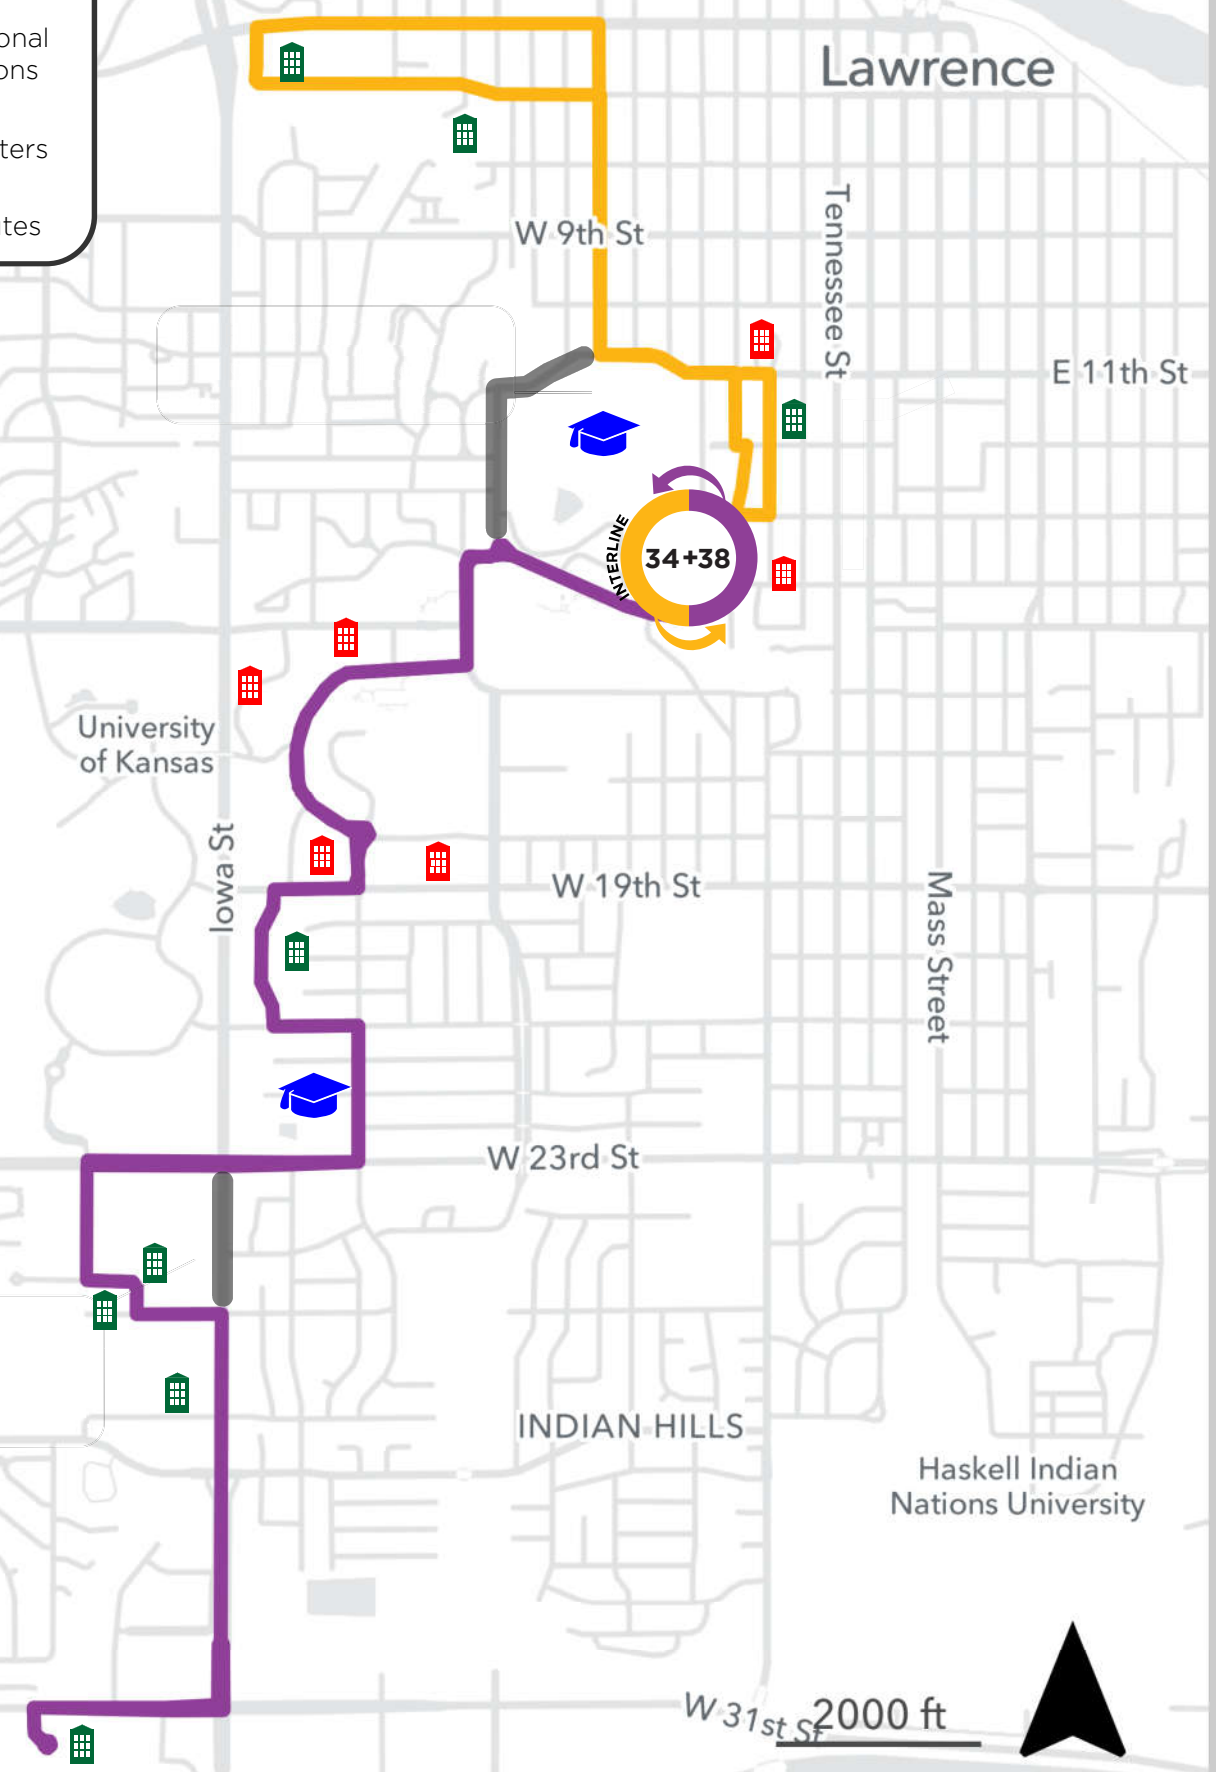

Routes 34 and 38 are interlined, which means southbound Route 34 buses become southbound Route 38 buses at the KU campus, and vice versa. The benefit to riders is more consistent schedule and access to more parts of campus (34).

Route alignment explanation

Route 34 will serve Jayhawk Blvd and the Kansas Union in both directions instead of looping around to West Campus Road.

Route 38 will be extended to The Reserve to offer more direct service to campus and bi-directional service for apartments around 25th & Melrose.
